Eric,

A mosaic image of the West, Texas site has been uploaded to the ftp site. The site is"

ftp.epaaspect2.net
user: (b) (5)
pass:

The file is under photos_April_2013/mosaic

The file is west_test_explosion3.jpg

Also, we notice that there is a problem with the csv file for the oblques. A comma was used in the file name for the photos. This is being fixed in about 1 hour.
